Ingelosi Emu oil 100% natural

Ingelosi 100% natural Emu oil is highly concentrated – a little goes a long way. The oil will penetrate the layers of the skin and actually go to work on the area of the body you choose.

Burns	Wounds
Rashes	Psoriasis
Exzema	Many other skin disorders
Preventing & reducing wrinkles	Moisturizing
Temporary relief from arthritic and muscular pain	

APPLICATION

Apply a few drops of oil as a neck cream and/or use on elbows and heels as a deep penetrating moisturiser.

Revitalise your body with a few drops of Emu Oil and your favourite essential oil and massage into your whole body.

Add the oil to your bathwater, to relief sunburn, or muscle and joint pain or just as a moisturizer.

Keep Ingelosi Emu Oil in a cool place and shake bottle before use. If the oil solidifies, place in a warm environment to return to a liquid state.

Omega Capsules

High in antioxidant (Vitamin A and E), anti-inflammatory, contains Omega 3, 6, 7 and 9 fatty acids.

Benefits:

Lower cholesterol levels and LDL-fats (in 6-8 weeks).

Lower and stabilise blood-sugar levels (3-4 weeks)

Lower the levels of uric acid, which causes gout.

Relieve arthritis pain after 3-8 weeks. The pain can become worse during the first month, but will then subside.

To reduce psoriasis sufferers' rash in some cases it will disappear after 3-4 weeks.

Positive results achieved with Crohn's disease, Irritable Bowel Syndrome, Fibro Myologia, Ulcerative Colitis and any other inflammatory condition.

The ideal dosage for the best results is:

5 capsules per day for first two weeks, later reduce to 3 capsules per day. Maintenance dosage: 1-2 capsules per day.

Why Emu Oil?

Valued for thousands of years by the Aborigines of Australia for it's legendary healing powers, Emu Oil offers many natural qualities to help your skin feel soft, silky-smooth and rejuvenated. It is very similar to the composition of our skin and does not contain any phosphorous. It is also anti-inflammatory and high in anti-oxidants.

- Anti-inflammatory;
- Bacteriostatic, does not promote the growth of bacteria;
- Hypoallergenic, not known to cause skin irritation or have any side effects;
- Highly penetrating, non-greasy. Absorbs without leaving a greasy feel;
- Non-comedogenic, does not clog pores.
- Source of lecithin, necessary for the detoxification function of the liver.

Emu Oil naturally contains:

- Vitamin E, a major anti-oxidant and healing agent;
- Vitamin A, a known skin repairer and antioxidant;
- Linoleic acid, which eases muscle aches and joint pain;
- Oleic acid, a proven skin cell regenerator, anti-wrinkle agent;
- Sapogens, proven skin softeners;
- Terpenes, known antiseptics.
